

## ROYAL RECEPTION

Extended to President McKinley  
by Northampton.

## PROCESSION IN HIS HONOR,

And the City Gaily Decorated for the  
Occasion—A Visit to the Smith Col-  
lege—Mrs. McKinley Presented  
With a Loving Cup by the Ladies of  
Bethesda Chapter of the Order of  
the Eastern Star—Party Returns to  
Holyoke.

NORTHAMPTON, Mass., June 19.—  
Northampton was dressed in its best  
to-day, to welcome the President of  
the United States upon his arrival from  
Holyoke. Considerable effort at gener-  
al decoration had been made and the  
public buildings, together with many  
residences, were gay with bunting and  
flags. From every trolley pole, along  
the entire route of the parade were  
suspended large flags, while from yards  
were long streamers running to each  
side and caught up in the center over  
the trolley wire, forming a long, bright  
arcway.

The President's train arrived on time  
and was greeted with a salute of twenty-  
one guns. William Whiting, the  
President's host at Holyoke, was with the  
party, and at the station here May-  
or John L. Mather and Hon. A. L. Wil-  
lison, of this city; Hon. W. B. Plunk-  
ett, of Adams; Miss Helen McKinley,  
sister of the President; Mrs. Ella Buck-  
ingham, of Canton, Ohio, and Mrs. G.  
K. Gildden, of Boston, were waiting to  
join the visitors.

A rousing cheer went up as the  
train came to a stop and President Mc-  
Kinley stepped down from the platform  
to enter the waiting carriage. This  
welcome was repeated at intervals and  
the President and Mrs. McKinley were  
constantly engaged in acknowledging  
the cheers. The presidential train  
stopped at a point where the carriages  
could be entered from the car platform.  
A reception committee, representing the  
city, greeted the party, and the local  
militia company with the Grand Army,  
presented arms. The procession was  
then formed and moved through the  
main street to the grounds of Smith  
college. The senior day chapel exer-  
cises were nearly concluded when the  
company arrived in the college grounds.

When the chapel was reached the  
presidential party were given seats up-  
on the platform, while the seniors oc-  
cupied the front row of chairs in the  
auditorium.

The exercises were opened with sing-  
ing and prayer, and an address was  
made by President Seelye, of the col-  
lege. He spoke of the triumph in the  
struggle to remove the almost univer-  
sal and unfair prejudice against higher  
education of women, and turning to  
President McKinley said the college felt  
that the chief executive, by his pres-  
ence, had given practically a national  
sanction to the higher education of wo-  
men. He added that he considered the  
visit of the chief executive as a fitting  
and crowning event of the last year of  
the nineteenth century. The speaker,  
on behalf of the college, expressed ad-  
miration of the national administration  
and the determination of the  
President to give the blessings of free  
and enlightened government to all the  
people over whom we may be called to  
rule.

He then requested that the President  
be given the respectful and graceful  
salutation of the assembly, and stated  
that at the request of the President he  
would not call upon him to make an  
address. The exercises closed with the  
singing of "America."

The seniors then marched to the  
yard, where the President watched the  
ceremony of planting the Ivy. Mean-  
while, in one of the rooms of the col-  
lege Mrs. McKinley was presented  
with a beautiful loving cup by the Be-  
thesda chapter, order of the Eastern  
Star, of which she is a member. Mrs.  
General L. C. Hastings made the pre-  
sentation speech to which Mrs. Mc-  
Kinley responded very briefly, expressing  
her pleasure and appreciation of the  
gift.

As the President passed through the  
grounds to rejoin his associates, Gen.  
B. E. Cook, ninety-six years of age,  
who commanded a brigade of the state  
militia about fifty years ago and father  
of Captain Frank A. Cook, commander  
of the cruiser Brooklyn, during the  
Spanish war, was introduced to him.  
As soon as these incidents had been  
concluded the President and his friends  
took their carriages and were driven to  
the residence of Captain Harry L. Wil-  
liams, and after a light lunch the party  
participated in a short drive through  
the city. Their course took them by the  
school building, where the students as-  
sembled upon the lawns, and was re-  
viewed by the President, who was given  
a salute by the pupils, each waving an  
American flag.

As the presidential party returned  
from the drive, they were met by the  
military company and escorted to the  
station. As the train moved away  
three hearty cheers for Holyoke were  
given by the spectators. The weather  
was delightful, adding not a little to  
the pleasures of the occasion.

## TAKES A HIGH PLACE

Stands Well in the Estimation of  
the People.

Attention is Naturally Excited When  
Anything is Praised by People  
Whom we Know.

A thing that stands high in the esti-  
mation of the public, and which is es-  
pecially recommended by Wheeling  
people, naturally excites our attention  
more than if our own people did not  
praise the article. Such a thing is  
going on right here in Wheeling every  
day; people are praising Morrow's Kid-  
ne-oids because they cure. There is  
no humbug or deception, they do pos-  
itively cure, and we furnish the evi-  
dence.

We refer you to Mr. John McCugh,  
No. 2416 Main street. He says: "I suf-  
fered for a long time with disordered  
kidneys, and was never able to get any  
medicine that would cure me. The pain  
across the small of my back would be  
so bad at times that I could hardly at-  
tend to my work. I seemed to be gen-  
erally run down, feeling more tired in  
the morning when I would get up than  
when I went to bed at night. Some of  
my friends recommended me to try  
Morrow's Kid-ne-oids, and as they  
were guaranteed to cure or the money  
refunded by Charles R. Goetze, I se-  
cured some from him, and after I had  
taken them for a few days, as the di-  
rections said, I was relieved of the  
pain across my back, and my general  
health was restored. If you have any  
form of kidney trouble or nervous ail-  
ment arising from this disease, check  
it at once with Morrow's Kid-ne-oids.  
Do not wait until it is too late, and  
then blame yourself for not listening to  
reason and facts."

Morrow's Kid-ne-oids are not pills,  
but Yellow Tablets, which is the most  
scientific way of preparing medicine.  
They are put up in wooden boxes,  
which contain enough for about two  
weeks' treatment, and sell for 50 cents  
a box at Charles R. Goetze's drug store.

quest by John. Morrow & Co., Chemists,

## JOUBERT'S PLANS

Of Operations Against the British.  
Will March on Kimberly First.

LONDON, June 19.—The St. James  
Gazette this afternoon claims to have  
received from an absolutely reliable  
source at Pretoria, capital of the  
Transvaal, the plan of campaign which  
will be followed by General Joubert,  
commander-in-chief of the Boers, in the  
event of war between the Transvaal  
and Great Britain. General Joubert's  
force, it appears, will consist of 20,000  
men armed with Mauser rifles. In ad-  
dition to forty-six quick firing guns and  
1,000 artillerymen, most of them drawn  
from the German and Dutch armies.  
With these troops and help expected  
from the Orange Free State, Joubert  
expects to take the offensive imme-  
diately after the declaration of war, en-  
tering the Orange Free State and  
march on Kimberley, the British dia-  
mond mining center in West Griqua-  
land, which forms four of the seventy  
divisions of Cape Colony. Kimberley is  
about one hundred miles northwest of  
Bloemfontein.

In his march on Kimberley, Joubert  
will use the railroad as far as available,  
expects to capture the town with slight  
loss and blow up the De Beers dia-  
mond mine. Simultaneously, it is  
added, the railroad from Cape Town to  
Bulawayo will be destroyed by Boer  
sympathizers and agents in Cape Col-  
ony, who will also destroy the Port  
Elizabeth-Pretoria line, south of Bloem-  
fontein, to prevent British troops from  
using it.

Finally, immediately after Kimberley  
is captured, General Joubert will ad-  
vance on Cape Town, the capital of  
Cape Colony, through the western  
provinces, where the Dutch predomi-  
nate and are expected to join the  
Boers. Joubert calculates that he will  
be master of Cape Town a fortnight  
after the declaration of war and that  
he will then be able to dictate terms of  
peace.

IT'S A MISTAKE TO IMAGINE  
that itching pills can't be cured; a mis-  
take to suffer a day longer than you  
can help. Doan's Ointment brings in-  
stant relief and permanent cure. At  
any drug store, 50 cents.

## BENWOOD NEWS.

Local Happenings of Importance in a  
Busy Town.

The big advance given to the Amal-  
gamated Association will not effect the  
Benwood mills, although it may indi-  
rectly in the future. The only lodge of  
the association in the town is the pud-  
dlers', and as steelworkers in every  
mill work by different systems, the  
Amalgamated scale could only be fol-  
lowed on some jobs at the local mills.  
The men at the lower steel works, how-  
ever, are beginning to agitate for an-  
other advance, but so far have taken  
no steps toward asking it.

There are no prospects of a shut-  
down at the Wheeling steel works this  
summer for everything is on the boom  
and running full. This busy period  
has continued over a year and last  
summer it will be remembered, there  
was little time for fishing. About the  
first of the year is the regular time for  
closing down, and then to make neces-  
sary repairs.

The McMechen bonds will be floated  
on July 1, and the commissioners are  
receiving many inquiries. They expect  
to make good terms, for the banks  
have plenty of loose money. The Mc-  
Mechen loan is \$10,000, and was voted  
to make municipal improvements, in-  
cluding paving and sewers.

Rev. Paul Metzenthin is able to sit  
up and is recovering nicely from his  
spell of fever. His father-in-law, Mr.  
Priestly, of Reynoldsville, Pa., re-  
turned home yesterday, after being here  
for a couple of weeks.

Yesterday a gentleman of color rode  
on the cars and was given a chase like  
that given two of his race in Bridge-  
port on Sunday. His fleetness of foot  
enabled him to get away from his  
pursuers.

Richard K. Satterfield has returned  
from Fairmont, where he visited his  
son, Lowman, who is ill and not yet out  
of danger.

Benwood people are naturally point-  
ing to the Cleveland strike riots as  
contrasting with the local situation.

Interesting memorial exercises were  
held Saturday evening by Lincoln  
lodge, I. O. O. F.

## BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis  
of Belmont County

The people on this side of the river  
very generally sustain the action of the  
Belmont Trades Council in the con-  
flict with a similar organization in  
Wheeling, so far as the matter pertains  
to the operation of the cars on this  
side of the river is concerned. There  
can be no doubt that the sentiment is  
largely favorable to the running of the  
cars on this side of the river, and the  
operatives did all that the Belmont  
Trades Council asked them to do in  
their agreement to lift the boycott, so  
that the trades council could not be  
consistent and do otherwise than it  
did. The men want to resume work,  
and the public wants them to seem to  
be the situation on this side of the  
river.

Frank R. Archer went to Steuben-  
ville yesterday evening, to be on hand  
early for the convention. Quite a de-  
legation will go up from this city this  
morning to join in the shouting when  
the possibility of a slip in post. It  
looks now as if he might be nominated  
by acclamation.

There was some ugly talk by leaders  
in the Belmont Trades Council here  
Sunday. They didn't do it in open  
meeting, but the charges were serious

enough to make trouble, and a suit for  
libel was threatened.

John W. Fish has resigned his place  
in Arnold's drug store, and will look  
after the sample room of druggists'  
sundries at the bottle works for a time,  
then take the road for that company.

Several Bellaire teachers contemplate  
attending the State Teachers' Associa-  
tion, to be held at Put-In-Bay. The  
Baltimore & Ohio offers a rate of one  
fare for the round trip.

Thomas McCough, the deputy mine  
inspector, went out the Baltimore &  
Ohio yesterday, and will be engaged all  
week on account of bad air in mines  
along the line.

The Knights of St. John attended the  
Catholic church in a body and in full  
uniform last Sunday, and they attract-  
ed much attention by their splendid ap-  
pearance.

Misses Ora Blon and Rose Phillips,  
Bellaire teachers, who occupy positions  
in the Youngstown schools, are home  
for the summer vacation.

T. C. Coulter and wife, of Newark,  
and Mrs. Josie Wilson, of this city, went  
out to Kelsey to visit relatives yester-  
day evening.

Prof. J. W. Little, of this city, will  
take a course in vocal music at the  
Chicago School the coming summer.

Robert Kidd, superintendent of the  
Neff mines, at McClainsville, was a  
business caller in the city yesterday.

Charles Rosser, Jr., who made the  
trip from Pittsburgh on the Queen  
City, reached home yesterday.

George W. Keller has returned from  
Philadelphia practically a new man.

## MOONSVILLE BUDGET.

Yesterday's News From Marshall  
County's Chief City.

In the case of Lowe vs. Yeater, from  
Board Tree, which occupied the atten-

brought in a verdict just before noon  
yesterday for the plaintiff, and assessed  
his damages at sixteen dollars. The de-  
fendant made a motion for a new trial,  
but the time for arguing it has not been  
set. The witnesses in the Cameron  
case, closed for yesterday and to-day,  
over to the next term. This was made  
necessary by the absence of some of the  
important witnesses for the town of  
Cameron. The jury was adjourned  
until morning, when the case of W. M.  
Meighen vs. G. S. McCadden and S. N.  
Cunningham is set for trial.

All the store-keepers in the city, ex-  
cept two, have signed an agreement to  
close their places of business at eight  
o'clock in the evening. They closed  
at seven o'clock last evening, while the  
camp-meeting was in progress. It  
worked so well that the effort now is  
to make it a permanent thing.

The M. E. Sunday school decided  
Sunday to hold a picnic on the cam-  
pgrounds the Fourth of July. The other  
Sunday schools in the city will be asked  
to join, and take part in the celebra-  
tion.

Rev. J. S. Jewell and family left yester-  
day morning to drive through the  
country to Waynesburg, where they  
will visit Rev. Jewell's mother, and at-  
tend the college commencement.

Riggs and Edward Manning are at St.  
Louis, attending the Elks' annual car-  
nival.

ter Crow, of Sixth street.

The Kind You Have Always Bought

# HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption,  
Asthma, Catarrh or Bronchitis  
Can Be Cured.

Nearly everybody you meet will re-  
gard it as a kind of insult to be asked  
if they have weak lungs. All seem to  
have a solid faith in the soundness of  
their own breathing machine. In cases  
of trouble they will admit there is a  
"heavy cold," "a touch of bronchitis,"  
or even "a spell of asthma," but as to  
weak or unsound lungs, never. NEVER.  
Even the poor consumptive, who scarce-  
ly speaks without coughing, whose  
cheeks are wasted, hollow and bear the  
 hectic flush of doom, will assure you  
with glistening eyes that his cold is on  
the mend and he will be all right when  
the weather changes.

It is simply terrible to think how far  
we may be guilty by our indifference to  
the lung troubles of those near and dear  
to us. It is also a sad thought that we  
may hug a delusion as to our own health  
that we only get rid of when life itself  
must pay the forfeit.

Nobody can afford to think lightly  
of lung troubles. Nobody can afford to  
be mistaken about their possible dan-  
gers. Nobody can afford to neglect  
them, or "let them wear out," or "get  
better in the spring," or any other tom-  
foolery that leads only to wreck and  
ruin. Lung troubles don't move back-  
ward. Weak lungs don't grow strong  
by themselves—you must heal them  
and strengthen them, and rid them of  
the very earliest germs of disease, or  
you are simply committing a form of  
suicide. Either you must cure your

lung troubles or THEY WILL KILL YOU.  
That's the whole situation in a  
nutshell.

Never was there a cure for lung trou-  
bles equal to the newly-discovered Dr.  
Slocum treatment. This forms a sys-  
tem of Four Remedies that are used si-  
multaneously and supplement each  
other's curative action. It cures weak  
lungs, bronchitis, asthma, coughs, con-  
sumption and every other ailment of  
the pulmonary region. It destroys  
every germ that can affect the respira-  
tory system, and even in advanced  
stages of lung trouble positively arrests  
the tubercular growth, while it also  
builds up the patient so that his system  
is enabled to throw off scrofula, rheu-  
matism, catarrh, and other wasting  
diseases.

Thousands of cured cases already
